Preetham A A

Full Stack Developer | UI Designer | SDE @ Crimson Logic
Bengaluru, Karnataka, India

Summary

Passionate Full Stack Dev crafting robust and engaging web applications. Currently at Crimson Logic, I leverage my expertise in Spring Boot for efficient backend development and AngularJS to create dynamic, user-friendly front-ends.
When I'm not coding, you can find me strumming some tunes on my guitar (always open to jam sessions!) and exploring the latest trends in UX/UI design :D
